PROFESSIONAL SUMMARY

B.Tech Computer Science student specializing in full stack web development with hands on experience building MERN project with Interactive Frontend interfaces. Focused on developing education-oriented platforms such as reading and productivity tools, with strong skills in React, JavaScript, and Responsive UI design. Actively building Real-world that combines usability, data handling, and scalable backend architecture.

EDUCATION

Greater Noida Institute of Technology, GGSIPU B.Tech(CSE)	2022-2026
CGPA: 8.0 (till 7 th SEM)	
St. Lawrence Public School (CBSE)	
Class XII: 68.8%	2021-2022
Class X: 90%	2019-2020

TECHNICAL SKILLS

Frontend Development: React.js, JavaScript, Tailwind CSS, CSS, HTML5

Backend Development: Node.js, Express.js

Database: MongoDB, Mongoose

Tools & Version Control: Git, GitHub, VS Code

Programming: C++, Java

PROJECTS

AI InterviewPrep – AI-Powered Interview Preparation Platform

(<https://github.com/Anupama-V-Nair/AI-Interview.git>)

Built a Full-Stack web application that enables users to practice technical and HR interviews through AI-assisted evaluation. Implemented secure authentication, dynamic question generation, response analysis, and personalized feedback to help users improve their interview performance and confidence.

Tech-Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS, Firebase Authentication, Gemini API

ReadMe- MERN Stack Reading & Writing Platform (<https://github.com/Anupama-V-Nair/Reading-Site>)

Built a Full-Stack web application that allows user to read public-domain books, write original content, and publish their work on a single platform. Implemented Firebase authentication for secure SignIn/Up and user-specific content management.

Tech-Stack: MongoDB, Express, React, Node.js, TailwindCSS, Cloudinary, Firebase authentication

EXPERIENCE

MERN Stack Development Intern | UptoSkills

May 2026

Worked on full-stack web development projects using the MERN stack, contributing to both frontend and backend development. Gained practical experience in building responsive user interfaces, integrating APIs, and managing databases while following modern web development practices.

Tech-Stack: MongoDB, Express.js, React.js, Node.js, JavaScript, Git/GitHub

CERTIFICATES

Introduction to Web Development with ChatGPT - Simplilearn SkillUp	March 2025
Introduction to Cybersecurity - Cisco Networking Academy, NIIT Foundation	Jan 2025
GDG Solution Challenge (Participation) - Hack2Skill	2025
Job Simulation-Front-end Software Engineering from Sky Scanner issued by Forage	2025
MERN Stack Development Internship - Uptoskills	May 2026
